

Meet Your eCommerce Customer's Needs Perfectly

Shopify's bi-directional integration with Microsoft Dynamics NAV allows you to automate data processing. Compatible with Dynamics NAV 2016 or later, the integration is designed to automatically link sales orders, inventory, customers, and shipment numbers eliminating the need for re-keying while increasing the speed of data exchange.

Improve Customer Service and Avoid Costly Errors

Impactful results that improve your bottom line.

For 30 years, Western Computer has designed and implemented business solutions that work well for a wide array of industries. Western Computer has been ranked among the top 15 on Accounting Today's VAR 100 report for the third year in a row.
